

Details of post-camp fun

Following what will hopefully be an exciting and open day full of ideas and debate, we are planning to head to the [1 in 12 Club](#), a club which "is 2 separate things; firstly and most importantly it is a group of people who work together to promote certain political ideals and social change; secondly it is a building housing a members social club."

Bradford has an eclectic mix of cultural, social and artistic spaces along with a plethora of restaurants, pubs and bars. If anyone fancies some advice of things they can do after Radical Library Camp, feel free to ask some of us on the day!
